

Omni - Bio Physics DropTable

Complete Cervical Drop Unit
Toggle and forward drop
movements, flexion, extension,
translation and rotation.

Elevation of Chest Section.
Chest Drop.

Elevating pelvic section
with drop in elevated
position.

Stationary height 18"-26"
(in 2" increments)

6 Amp Electric
Motor

Foot controlled elevation
of cervical unit with 8"
elevation above thorasic section.

Foot activated Drop
mechanisms.

Extremely functional! Very
Smooth! Elevation of rear
section with extending foot rest.

Elevation Height:
Variable - 21"-33" (standard)
18" - 30" (custom order)

Table Length:
69" - Retractical
75" - Extended
